

Financials 2019 is a one-of-a-kind educational event, bringing together top experts from SAP, independent consulting firms, and leading global organizations under one roof to provide you with up-to-date details on current capabilities and future road map plans for SAP's portfolio of finance and business planning solutions. Join us this year for a dynamic educational and networking experience.

## BRAND NEW CONTENT

80+ new sessions covering the hottest topics, including:

- » Top-to-bottom strategy to re-imagine the way finance operates in your organization and how to take advantage of new technologies like blockchain and machine learning
- » Implementation and migration best practices to ensure project success for all your SAP® finance projects, including SAP S/4HANA initiatives
- » Product updates, new releases, and business use cases for SAP's new and upgraded solutions, including SAP S/4HANA, SAP S/4HANA for group reporting, SAP Business Planning and Consolidation, SAP Profitability and Performance Management, SAP Analytics Cloud, and more
- » Tips and techniques to help you ensure compliance with the new revenue recognition and lease accounting standards
- » Financial accounting, managerial accounting, cash and treasury management, financial planning, and reporting and analytics best practices

## EXCLUSIVE TAKE-HOME MATERIALS

Get copies of every session, plus tips, tricks, and recommendations to help you throughout the year. Walk away with:

- » A decision tree to help evaluate SAP planning tool options for Central Finance
- » A checklist of key considerations for a chart of accounts conversion project
- » An ASC 606 data template and accounting entries example
- » A chart of all inputs that impact MM postings and a step-by-step guide for activating goods receipt/invoice receipt (GR/IR) account user exits
- » A list of key items to teach end users
- » A list of configuration tables and transactions
- » A list of key parameter IDs for finance users

## PRODUCT ROAD MAP SESSIONS FROM SAP

Sessions showcasing SAP product innovations and road maps, such as:

- » The path to digital finance: SAP S/4HANA Finance overview
- » The definitive guide to SAP solutions for planning and analysis
- » Smooth running from start to finish — SAP solutions to help you accelerate your close-to-disclose process
- » Treasury management ready for the future: Benefit from new cloud capabilities powered by SAP S/4HANA

## NEW PRE-CONFERENCE WORKSHOPS

Jumpstart your conference experience on March 18 and tap into special sessions covering:

- » Strategic and technical considerations for an SAP S/4HANA Finance transition
- » Adopt SAP S/4HANA Finance innovations with Central Finance

## EXPANDED NETWORKING OPPORTUNITIES

Learn from your peers and get access to focused networking events for like-minded colleagues to discuss hot topics or projects, including:

- » Speed networking
- » Ask the Experts
- » Facilitated networking sessions
- » Interactive Q&As
